

MD™ 530F CAYUSE WARRIOR

SCOUT ATTACK HELICOPTER

MISSION PROVEN | CHALLENGE READY

MD™ 530F CAYUSE WARRIOR

REINVENTING LIGHT SCOUT ATTACK HELICOPTER SOLUTIONS

An evolution of the fabled OH-6 Cayuse light observation helicopter, and widely recognized for speed, safety, agility and the ability to operate with ease in confined spaces and at high altitudes, the **MD 530F Cayuse Warrior** is adaptable to support both training and combat missions.

Delivering increased operational capabilities, greater mission versatility, and superior performance in the execution of a broad range of mission profiles, the **MD 530F Cayuse Warrior** offers a safe and efficient crew environment as well as mission training skills that will positively transfer to all other platforms.

PERFORMANCE CAPABILITIES*

Max Gross Weight: Int.	3,300 lb / 1,496 kg
Max Gross Weight: Ext.	3,750 lb / 1,701 kg
Useful Load	2,159 lb / 979 kg
HIGE	16,000 ft / 4,877 m
HOGE	14,400 ft / 4,389 m
Max Cruise Speed	110 kt / 203 kph
Service Ceiling	16,000 ft / 4,876 m
Range	235 nm / 435 km

*Current specifications are estimates, pending the completion of flight test and program development.

PERFORMANCE FLEXIBILITY

Perfectly suited for counterinsurgency and close-air-support missions, the MD 530F Cayuse Warrior also delivers flawless operation as a:

- Live Fire Trainer
- Armed Scout
- Attack Helicopter

COMBAT-READY GEAR

The MD 530F Cayuse Warrior features a range of mission-specific tactical equipment including:

- Mission Configurable Armament System (MCAS)
- FNH HMP400 Pod with M3P Heavy Machine Gun
- M260 Rocket Pod with 2.75" rockets
- Rohde & Schwarz MR600L Tactical Radio
- M184 Machine Gun

CONVENIENCE AND SAFETY

Safe & efficient performance is delivered as a result of:

- Traditional right-hand command
- Greater networked communications with an integrated dual mode tactical radio
- Ballistic armor for enhanced crew protection from small arms fire
- Self-sealing main & auxiliary fuel tank bladder
